

# King's Ford Academy SEND & Inclusion Newsletter

## New Projects 2024.2025:

- In the new academic year we will be working with **Paxman Academy** and sharing practice from '**Ordinarily Available**' (**Inclusive Teaching Framework**). This will enhance our classroom practice. Our first focus will be our 'Learning Environments'. This was delivered during our staff INSET day
- We are also involved with a new pilot project aimed at increasing inclusivity in school and building relationships and communication with parents/carers. **The name of this project is Partnership for Inclusion of Neurodiversity in Schools (PINS).**
- King's Ford Academy is now part of the Multi School's Council (MSC).

## Multi Schools Council

The Multi Schools Council was started in 2012 to help break down perceptions towards children with SEND and mental health difficulties in schools and their wider communities.

Each term, children from mainstream and special schools meet to learn more about each other and put their plans in place for making a difference. Not only does the Council help break down perceptions, it provides young people with an opportunity to improve their confidence, to develop their personal and social skills and to promote important values like democracy and tolerance.
